Document & Print

PDFBox

Apache POI (DOCX/XLSX)

iText

PostScript

PROFESSIONAL SUMMARY

Platform engineer with **10+ years** building resilient document-generation pipelines, layout engines, and developer-facing template systems. Specialised in high-throughput PDF rendering, semantic authoring DSLs, and turning brittle production-ops scripts into typed, snapshot-tested libraries that scale.

PROFESSIONAL EXPERIENCE

SENIOR PLATFORM ENGINEER

Northwind Systems | 2024-Present

Led the reusable document-generation platform serving billing, hiring, and reporting flows across **8 product teams**. Reduced template maintenance time by **70%** by retiring per-team PDF scripts in favour of one canonical engine.

SOFTWARE ENGINEER

BrightLeaf Labs | 2021-2024

Built backend services and production document rendering pipelines processing **2M+ documents per month**. Drove the migration from iText to a custom layout engine, eliminating licensing risk and cutting p99 render latency from 1.4s to 380ms.

BACKEND ENGINEER

Helix Print Co | 2019-2021

Maintained a high-volume invoice-printing service (15M PDFs/year) and authored the compliance test harness that gated every template change.

PROJECTS

GraphCompose (Java 21, PDFBox, Maven, JMH)

Declarative Java PDF layout engine. Semantic DSL, slot-based templates, snapshot testing. Powers production CV / invoice / proposal pipelines for hiring tools and billing systems. (Open source)

Template Studio (Kotlin, Compose Desktop, PDFBox PNG diff)

Internal tool for evaluating CV, proposal, and invoice output across 14 design presets. PNG diffing, side-by-side layout, baseline freezing.

LANGUAGES

ENGLISH (Fluent)

GERMAN (Intermediate)

SPANISH (Basic)

LayoutLint (Java 21, JavaParser, Spoon)

Static analyser that flags fragile authoring patterns (deeply nested rows, untyped offsets, implicit page breaks) before they ship to production.

ChromeForge (Java, GraphCompose, Pandoc bridge)

Editorial-magazine document toolkit built on GraphCompose: cinematic covers, pull quotes, multi-column flow, sidebar callouts.

ADDITIONAL INFORMATION

Work Eligibility

Eligible to work in the UK and the EU

Open Source

Maintainer of GraphCompose. Regular contributor to PDFBox issue triage.

Speaking

JVM Summit 2024, Devovx UK 2025 — both on declarative document layout.
