PRIYA RAGHAVAN

MARKETING MANAGER

Marketing manager with eight years in B2B software, most of it running the demand side end to end: positioning, the campaigns that carry it, and the reporting that says whether it worked. Happiest with a small team and a short feedback loop.

EXPERIENCE

MARKETING MANAGER
Mar 2021 - Present

Ardent Systems, Bristol, UK

- Rebuilt the demand programme around three named segments, lifting qualified pipeline 44% in the first year.
- Runs a team of four across content, lifecycle and events, and the agency relationship behind paid search.
- Replaced a weekly spreadsheet with a Looker model the sales team reads without asking for it.

SENIOR MARKETING EXECUTIVE
Sep 2018 - Feb 2021

Halworth Digital, Bristol, UK

- Owned lifecycle email end to end, taking trial-to-paid conversion from 9% to 14%.
- Launched the customer-story programme that still supplies the sales deck.
- Ran competitor and win-loss research each quarter for the product team.

MARKETING EXECUTIVE
Oct 2016 - Aug 2018

Kite & Compass, Leeds, UK

- Planned and ran campaigns across search, social and trade press for six retail clients.
- Built the reporting pack the agency used for every monthly review.

ACHIEVEMENTS

- Grew organic sessions 60% in a year by rebuilding the site around search intent rather than the org chart.
- Cut cost per qualified lead by a third by retiring two channels and funding the one that worked.
- Named marketer of the year at Ardent in 2024.
