PROFESSIONAL SUMMARY

Compassionate Registered Nurse with 7+ years of experience delivering high-quality patient care across acute medical, surgical, and community settings. Skilled in patient assessment, medication administration, multidisciplinary collaboration, discharge planning, and maintaining accurate clinical documentation. Known for calm decision-making, strong communication, and patient-centred care.

PROFESSIONAL EXPERIENCE

Senior Staff Nurse — Manchester Royal Infirmary, Manchester, UK | 2021–Present

- Deliver direct nursing care for adult patients on a busy acute medical ward.
- Coordinate care plans with doctors, therapists, and support staff to improve outcomes.
- Supervise junior nurses and support student placements during clinical rotations.
- Improved discharge coordination and patient communication across the ward.
- Maintain precise documentation and ensure compliance with clinical standards.

Staff Nurse — Salford General Hospital, Salford, UK | 2018–2021

- Provided nursing care across medical and surgical units.
- Administered medications, monitored vital signs, and escalated deteriorating patients promptly.
- Supported infection control procedures and safe discharge planning.
- Built strong rapport with patients and families during treatment and recovery.

Community Nurse — NorthCare Community Health, Greater Manchester, UK | 2016–2018

- Delivered home-based nursing care and patient education.
- Managed wound care, medication support, and follow-up visits for vulnerable patients.
- Worked closely with GPs, social services, and families to coordinate holistic care.
