OLIVER BENNETT

SENIOR ARCHITECT

PROFESSIONAL SUMMARY

Senior Architect with over 8 years of experience delivering residential, mixed-use, and commercial projects across all RIBA work stages.

Proven expertise in design development, planning applications, and technical delivery with a strong focus on sustainability, quality, and user experience.

Collaborative communicator skilled in coordinating consultants, engaging stakeholders, and leading multidisciplinary teams to achieve successful outcomes.

PROFESSIONAL EXPERIENCE

Senior Architect — 2021–Present

Northline Studio, Bristol, UK

- Lead design packages from concept through to detailed design across mid-scale residential and mixed-use projects.
- Coordinate structural, M&E, landscape and planning consultants to ensure integrated and buildable solutions.
- Prepare and manage planning applications, design and access statements, and supporting documentation.
- Present and communicate design proposals to clients and stakeholders, securing approvals and driving projects forward.

Architect — 2018–2021

Urban Form Partners, Bath, UK

- Developed concept and technical designs for a range of residential, commercial, and education projects.
- Prepared coordinated drawing sets, schedules, and specifications to support planning and construction.
- Supported project delivery on site, resolving design queries and ensuring quality outcomes.
- Coordinated with contractors and consultants to maintain programme, budget and design intent.

Part II Architectural Assistant — 2016–2018

Axis Design Workshop, Cardiff, UK

- Supported senior architects across all RIBA stages on a variety of project types.
- Produced CAD and Revit drawings, models, and visualisations to communicate design intent.
- Undertook research, prepared presentation boards, and assisted with planning documentation.

SELECTED PROJECTS

Harbour Point
Mixed-Use Regeneration
Bristol

Mixed-use development delivering 142 homes, retail space and public realm improvements; secured planning consent and is now on site.

The Assembly Hotel
Boutique Hotel Refurbishment
Bath

Sensitive refurbishment of listed building to create a 36-bedroom boutique hotel; enhanced heritage features and guest experience.

Elmwood Mews
Residential Development
Clifton, Bristol

Design of 28 high-quality homes within a sustainable masterplan; achieved high environmental standards and strong sales performance.

EDUCATION

MArch Architecture — 2014–2016
University of Sheffield

BA (Hons) Architecture — 2011–2014
University of the West of England
