The GraphCompose Book

One document, two page geometries

Open the opening chapter

1. The opening chapter

Body pages carry their own margins and footer page numbers, independent of the borderless cover in front of them.

2. The middle chapter

Body pages carry their own margins and footer page numbers, independent of the borderless cover in front of them.

3. The closing chapter

Body pages carry their own margins and footer page numbers, independent of the borderless cover in front of them.
